All -

Also attached for your review please find a DRAFT "Crozet Economic Development Discussion Outline" document, which follows up on our meeting with the County economic development folks in December. At that meeting, Kim, Jennifer and I took an action item to go away and come up with a suggested list of possible economic development activities that might be worthwhile pursuing, and then come back to the County staff early this year to have another meeting to discuss scoping those activities, resourcing, and possible implementation. The attached is my stab at that list. I am suggesting we advance these activities since (1) many of these are items listed in the implementation section/table of the Crozet Master Plan – hence this is essentially implementing those previously identified action items, and (2) attracting the right kinds of businesses to the DCD is obviously critical to a vibrant Crozet of the future.

I would request that the CCAC review and provide input into the attached, so that we can move forward with our next discussion with County staff on these matters. Feel free to contact me in advance if you have any questions or comments prior to the meeting. See you all Wed!

**Dave**
