

The Charlottesville Free Clinic is **an open door to health care.**

We provide medical care, prescription drugs, dental care, vision services, and mental health care to low-income, uninsured individuals—at no cost to them.

**Charlottesville  
Free Clinic**

We serve community members who have **no other option for care:**

they earn too much to qualify for Medicaid yet not enough to afford health insurance.

Without the Charlottesville Free Clinic, they would **slip through the cracks** of the healthcare system.
