 - **Resolution:** *"Due to information that the developer of Montclair was intending to bury the stream when he told the county that he would not, as part of the rezoning hearing on February 21, 2024, the community of Crozet says it is time to rehear the Montclair zoning map amendment. Second, the community of Crozet respectfully requests that, prior to granting a land disturbance permit to the Montclair site developer, Albemarle County engage a competent outside, independent legal counsel to review and advise the County and community on how the provisions of the Water Protection Ordinance apply to the stream buffers on or adjacent to the Montclair site. This review should include, but not be limited to, a recommendation on how the County should enforce compliance with the WPO given that the stream was buried by the Montclair developer without the local permits required by the Water Protection Ordinance."*
